ORIENTATION FOR NEWCOMERS

Chicago’s street numbers are on a grid system, numbered north and south from Madison Street and east and west from State Street; these two streets intersect in the heart of the “Loop” downtown. Street numbers run about 800 to a mile, and south of Madison are many numbered streets whose grid location equals the number x 100 (e.g., 57th St = 5700 S).

The Field Museum is at 1400 S (on DuSable Lake Shore Drive) and about 400 E, at the south end of Grant Park and north of Soldier Field stadium (and parking garage).

The first three hotels above are closest to the Field Museum. Michigan Ave. runs along the west side of Grant Park and is easily reachable on foot, thanks to the pedestrian underpasses going below DuSable Lake Shore Drive and Columbus Drive.
